Horizon announces March Open Surgery

Horizon Nuclear Power has announced that its next Open Surgery will be held at Cemaes Village Hall on Monday 16 March.

Running from 1pm to 7pm, these monthly events offer local people an opportunity to meet the team in an informal environment to find out more information about the Wylfa Newydd Project. No appointments are required.

Richard Foxhall, Horizon's Stakeholder Relations Manager, said: "While we continue to analyse the feedback received during our first stage of community consultation late last year, we're committed to maintaining our engagement directly with the local community. Our monthly Open Surgeries provide local people with an excellent opportunity to meet our team, ask any questions they may have and discuss our developing proposals."

Notes to editors:

- Horizon Nuclear Power was formed in 2009 to develop new nuclear power stations in the UK. The company was acquired by Hitachi Ltd of Japan in November 2012.
- Horizon's development at Wylfa will represent a multibillion pound investment in North Wales. It is expected to create up to 1000 jobs during operation.
