## Date of Horizon Nuclear Power's next Open Surgery is confirmed

---

**Horizon Nuclear Power is inviting local people to meet the team at its next Open Surgery in Cemaes to learn more about the Wylfa Newydd Project.**

The session will take place on Monday 20 August between 1pm and 7pm in Cemaes Village Hall. Horizon's Open Surgeries are held on the third Monday of every month and no appointment is needed.

Richard Foxhall, Communications and Stakeholder Relations Manager at Horizon, said: "Once again we were kept very busy at our tenth Anglesey Show, and the week before saw us in Cardiff at the National Eisteddfod of Wales. We always enjoy attending these large events and it's great to meet people who want to learn more about the project – and take part in the fun family activities we had on offer. If you took part this year, thanks for coming along and we hope you had as much fun as we did."

**Notes to editors:**

- Horizon Nuclear Power was formed in 2009 to develop new nuclear power stations in the UK. The company was acquired by Hitachi Ltd of Japan in November 2012.
- Horizon's development on Anglesey will represent a multibillion pound investment in North Wales, creating high-quality, long term employment opportunities and unlocking lasting economic and social benefits for the region.
