## Horizon Nuclear Power confirms date of next Open Surgery

---

Horizon Nuclear Power has announced that its next Open Surgery event will take place on Monday 18 February at Cemaes Village Hall.

No appointments are needed for the drop-in session, which will take place between 1pm and 7pm. The Horizon team will be available to talk to local people about the Project and answer any questions they might have.

**Richard Foxhall, External Affairs Manager Wales at Horizon, said:** “Even though the decision has been made to suspend the Wylfa Newydd Project, we will still hold our monthly Open Surgery in February. We’re very aware that local people may still have questions about the recent decision and we’ll be there to help answer them.”

**Notes to editors:**

- Horizon Nuclear Power was formed in 2009 to develop new nuclear power stations in the UK. The company was acquired by Hitachi Ltd of Japan in November 2012.

- Horizon's development on Anglesey will represent a multibillion pound investment in North Wales, creating high-quality, long term employment opportunities and unlocking lasting economic and social benefits for the region.
