15 January 2018

Horizon announces first open surgery of 2018

Horizon Nuclear Power's first Open Surgery of 2018 will be held on Monday 22 January in Cemaes Village Hall.

Local people are invited to come along and meet the team between 1pm and 7pm to find out more about the Wylfa Newydd Project. The session is open to everyone on a drop-in basis, so no appointments are needed.

From February the events will take place on the third Monday of each month in Cemaes Village Hall. The latest information, documents, maps and images will be available to view at each session.

Richard Foxhall, Horizon's Stakeholder Relations Manager, said: "2018 is already proving to be another busy year for us here at Horizon as we continue with our preparations to submit our Development Consent Order – the permission we need to build Wylfa Newydd – to the UK Government.

"As part of these preparations we've refined the final details of our plans and are consulting on these updates until 16 February. If anyone would like to know more about this or learn more about the Project, our team will be on hand to answer questions during our open surgery."

More information about the Wylfa Newydd Project can be found by visiting www.horizonnuclearpower.com, calling 0800 954 9516, emailing wylfaenquiries@horizonnuclearpower.com or following Horizon on Twitter [@horizonnuclear](https://twitter.com/horizonnuclear) and Instagram '[horizonnuclear](https://www.instagram.com/horizonnuclear)'.

Notes to editors:

- Horizon Nuclear Power was formed in 2009 to develop new nuclear power stations in the UK. The company was acquired by Hitachi Ltd of Japan in November 2012.
- Horizon's development on Anglesey will represent a multibillion pound investment in North Wales, creating high-quality, long term employment opportunities and unlocking lasting economic and social benefits for the region.
