## Date and location announced for Horizon's March Open Surgery

---

**March sees Horizon Nuclear Power return to Llangefni for its next Open Surgery. The event, which is taking place on Monday 18 March at The Bull Hotel, enables local people to call in ask questions about plans for a new nuclear power station at Wylfa.**

Horizon's plans to construct and operate a new nuclear power station at Wylfa will create a peak workforce of up to 6,000 during construction and a further 1,000 permanent jobs over many decades.

As with previous monthly Open Surgeries, Horizon's project team will be on hand between 1pm and 7pm to answer questions and listen to feedback. The team will base itself in the Coach House at the rear of The Bull Hotel.

Alan Smith, Head of Site Development at Horizon Nuclear Power, said: "Since our acquisition by Hitachi at the end of last year, we have been busy assessing the options for developing our sites and the likely timelines. We'll share more detail about our proposals in the months ahead. In the meantime, we continue to hold our monthly community events and anyone who has any questions is very welcome to call in and meet us."

Horizon's team can also be contacted via its Wylfa information line on 0800 954 9516 or by emailing [wylfaenquiries@horizonnuclearpower.com](mailto:wylfaenquiries@horizonnuclearpower.com)

**Notes to editors:**

- Horizon Nuclear Power was formed in 2009 as a 50:50 joint venture between E.ON UK and RWE npower.
- E.ON UK and RWE npower reached agreement on 30 October 2012 for the sale of Horizon to Hitachi Limited. The sale completed on 23 November 2012.
- Horizon holds grid connection agreements and owns land suitable for the development of new nuclear power stations at Wylfa on the Isle of Anglesey and Oldbury-on-Severn in South Gloucestershire. Both sites are nominated for nuclear development under the National Policy Statement for Nuclear (EN-6).
