

## MOCK CV – USE FOR TRAINING PURPOSES ONLY

### Dyfan Rhys Stevenson

198 Maes Alaw, Y Groeslon, Caernarfon, Gwynedd, LL54 60DP  
T: 01286 888829 M: 07989658632 E:mail: dyfanrstevenson@hotmail.com

### Personal Profile

---

An enthusiastic and self-motivated GCSE student with a long term career aspiration of developing a career in electrical-mechanical engineering on an operational nuclear power-plant. My engineering passion stems from a family of engineers and my interest in nuclear from following the Horizon project. I thoroughly enjoy a hands-on approach to problem-solving and learning about the underpinning knowledge but then applying it in a practical way. I am an adaptable individual who thrives on learning new things about engineering and the nuclear industry.

### Key Skills

---

- Proficient in Microsoft applications (Excel, Word and PowerPoint)
- Presentation skills
- Time Management
- Co-ordination and organisational skills
- Communication, verbal and written
- Problem solving
- Team work
- Practical use of various engineering tools such as micrometres, lathe, spanners, pliers etc.

### Achievements

---

- I restored an old 1920's bicycle on my own. Part of this project was sourcing parts that were extremely scarce to find, but with patience and perseverance I was able to restore the bicycle over a two year period and then sold this on to a collector.
- Last year I was promoted to captain of my local football team. I am very proud of this achievement as I have really had to work on developing my confidence to lead and motivate a team. That season we went on to win the title in our league.

### Employment/work experience

---

Y Gegin Fach, Pool Hill, Caernarfon

Date of employment: June 2016 to date  
Hours: Part-time, 7 hours per week  
Position: Waiting staff  
Main duties: Working as part of a small team providing good customer service, taking food & drink orders and cash handling  
Key achievement: Summer season is very busy and I managed to calm an un-happy customer whose order had become mixed up. I found that remaining calm and helpful helped to resolve the situation.

## Valley Motors – Work Experience

---

Date of placement: 20 April 2016

Duration: 1 week

Experience gained: Planning and prioritising work to be carried out on vehicles. An understanding of the importance of tyre pressure to ensure vehicle safety. Also gained an appreciation for health & safety and why it's necessary to keep working areas clean and tidy.

## Education

---

Ysgol Uwchradd Bodedern, Bodedern, Anglesey, LL65 3SU

Subjects	Grade or Predicted GCSE Grade (2018)
Welsh Language	B predicted
Welsh Literature	B predicted
Triple Science (Biology, Chemistry & Physics)	B predicted
Mathematics	A* predicted
English Language	B predicted
English Literature	B predicted
Engineering	BTEC Level 2 (Distinction achieved)
Welsh Baccalaureate KS4 National/ Foundation Skills Challenge Certificate	Cert B predicted
History	B predicted
Physical Education	B predicted
Information Technology	A predicted
Design & Technology	B predicted

## Other interest's

---

- I am currently helping my dad restore an old mini. It's a new project that we have taken on and I am really enjoying learning about the mechanics of a vehicle and how the engine functions.
- I enjoy keeping active by swimming, cycling and walking my dog.
